

Strengthen relationships with peers and adults

Youth and families from emerging communities in Northeast Ohio enrolled in ICEP will make healthy life

choices by abstaining from violence, alcohol, tobacco, and other drug use.

What is ICEP?

As ASIA's oldest program, the International Community Empowerment Project (ICEP) has been in existence since 1995. ICEP is a prevention program funded by the Summit County ADM Board, the GAR Foundation, and the United Way of Summit County.

It aims to prevent the onset of violence, alcohol, tobacco, and other drug (VATOD) use in at-risk immigrant youth and their families (many of whom have limited English proficiency) in Northeast Ohio. The program also aims to impact environmental risk factors that influence VATOD in these communities.

Asian Services in Action (ASIA)

Mission: To empower and advocate for Asian Americans & Pacific Islanders (AAPIs); and to provide AAPIs and other communities access to quality, culturally, and linguistically appropriate information, health and social services.

Vision: AAPI Individuals, families and communities will:

- progress further along the path towards self sufficiency;
- be deeply engaged in civic life;
- have equal access to opportunities;
- be well understood by the vast availability of community data and information; and
- achieve optimal health and well-being.

What are Life Skills?

A skill is a learned ability to do something well. Life skills are abilities individuals can learn that will help them be successful in living a productive and satisfying life.

The goal of ICEP is to provide developmentally appropriate opportunities for young people to experience life skills, to practice them until they are learned, and to be able to use them as necessary throughout a lifetime.

ICEP is funded through the Summit County ADM Board, GAR Foundation, and United Way.
